Rice University S.YA.P. — Houston, TX
Assistant to Arts and Dance Coordinator — Summer 2012
- Designed art activities and choreographed dances for children aged 5-10 years old

Houston Public Schools — Houston, TX
Mentor — 2012-2014
- Volunteered at elementary schools with underprivileged children tutoring grades 1-3 in math

ACTIVITIES

Body Labs Hackathon — March 2015
- First Place Winner
- Designed an app, *move-me*, that integrated 3D body scans into a service that would allow anyone to learn how to dance. It would remove the question of "can I do it" to "I can do it" by showing your exact body shape in the desired dance position. The use of this app could be further expanded beyond dance into other sports.

NYU WinC — 2014-Present
- Attend events where I can learn more about the opportunities within tech

National Honor Society — 2013-2014
- Webmaster; built the webpage to connect NHS members by viewing notes, important dates, and messages

French Immersion Experience — Summer 2010
- Lived with a family in Avignon for one month, while taking intensive French language courses and taking trips throughout the south of France for further immersion within French culture

SKILLS

Languages
- Fluent in English, Spanish, and French, Beginner in German

Computer Skills
- Java, HTML, CSS, PHP, MySQLi, Eclipse, Object-Oriented Paradigm, Symfony Framework

INTERESTS

Global Citizen
- Enjoyed cultural travels to more than 20 countries; British / American dual citizenship
